Allowance

1. During a telephone interview with Mr. Sebolt on 4/25/05 a provisional election was made without traverse to include the claims 1-25. Claims 26-31 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

The requirement is still deemed proper and is therefore made FINAL.

1. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Mr. Sebolt.

2. The application has been amended as follows:

Cancel claims 26-31.

3. The following is an Examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "a removable locking member engageable with one of the side-connector eyelet and gate-connector eyelet', the locking member being rotatable between a first position, where one of the first and second fasteners may be selectively engaged with or disengaged from the one of the side-connector eyelet and gate-connector eyelet', and a second position where the one of the first and second fasteners is secured to the one of the side-connector eyelet and gate-connector eyelet." in the independent claim, in combination with the other recited limitations in claims supported by this application, which are not found in the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
